Protein: 60–80%
Taste: Neutral
Particle Size: <200 µm

OCP40

Protein: 45–60%
Fibre: 8–12%
Particle Size: <100 µm

Deltagen UK manufactures a range of high-quality plant proteins sustainably sourced from fava beans, chickpeas and red lentils.

We believe in nourishing the planet and its people, responsibly. That's why we're introducing our new organic range of pulse proteins and flours—crafted for clean labels, uncompromised taste, and sustainable solutions. From trusted growers to gentle processing, we bring you safe, high-quality nutrition and function with no trade-offs.

- ✓ We partner with a community of certified growers and use gentle, organic processes to maintain purity and reliability.
- ✓ Consumers care about safe, sustainable nutrition. Our organic pulse proteins are grown responsibly, free from additives and chemicals.
- ✓ Our organic range delivers the taste, texture, and mouthfeel you love—no compromise needed.
